

# **SIGE**

**SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA**  
( SYMPOSIUM OF OPERATIONAL APPLICATIONS  
IN DEFENSE AREAS )

**THE LARGEST  
ACADEMIC EVENT IN  
BRAZIL WITH A FOCUS  
ON DEFENSE**

*SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA*

## What is SIGE?

It is an academic event focused on operational applications in the areas of Defense, held annually by the Instituto Tecnológico de Aeronáutica (ITA).

## What is the purpose of SIGE?

Create an adequate environment for the exchange of experiences between the academic, industrial and operational sectors of the Armed Forces in matters of teaching, research and development within the scope of the National Defense Policy.

In this sense, observing the triad between Industry, Academy and Armed Forces, everyone involved in the Symposium is instructed to present articles, posters, lectures, workshops and short courses that focus on operational applications in the areas of Defense.

SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA

## What topics are covered?

Defense topics of interest related to the following areas of knowledge:

Operational Analysis

Logistics Engineering

Command and Control

Cyber Defense

Electronic Warfare

Remote Sensing

Weapon Systems

Space Applications

Chemical, Biological, Radiological and Nuclear  
Defense

Bioengineering

Quantum Technologies

*SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA*

## What are the SIGE numbers?

"Throughout the 26 editions held up to 2024, we achieved the following milestones:

- + Over 14,500 participants
- + Over 870 papers presented
- + Over 480 posters presented

It is the largest academic event focusing on defense in Brazil and one of the largest in Latin America."

SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA

## What is the differential of SIGE?

The event's multidisciplinary and multi-sector character provides a favorable environment for the guidance of dual-use research (civil and military), contributing to the advancement of S&T initiatives in the country, the exploration of new concepts and technologies by the Brazilian Armed Forces and Defense Industries.

In recent years, it has been attended by national and international lecturers, professors and researchers from important academic and research institutions, postgraduate students from ITA and other higher education institutions, representatives of national and international industry, as well as authorities and representations of Brazilian government organizations.

# **SIGE 2025 XXVII EDITION**

## **Consolidating Success**

This year, the event will be held in a hybrid format. All activities will be conducted in person and also streamed on an online platform. Therefore, the well-established model from previous editions of the event will be expanded to promote face-to-face dialogue among sectors of academia, industry, and the armed forces, while extending its reach through the online platform.

Our Symposium will be broadcasted to researchers, authorities, military personnel from the Navy, Army, and Air Force, as well as interested individuals both domestically and internationally.

EM ÁREAS DE DEFESA

# SIGE 2025 XXVII EDITION

As in the previous edition, the event will be promoted with greater emphasis within the scope of the Ministry of Defense, Armed Forces, Defense Industry Base, and Higher Education and Research Institutions.

Additionally, presentations will be made available for viewing for a defined period after the event concludes, potentially reaching an additional audience.

EM ÁREAS DE DEFESA

# SIGE 2025 XXVII EDITION

The 27<sup>th</sup> edition will take place on September 23<sup>rd</sup>, 24<sup>th</sup>, and 25<sup>th</sup>, 2025.

The opening lecture will occur on the morning of September 23<sup>rd</sup>.

Over the course of the three days, there will be keynote speeches by military authorities and researchers from the academic field, as well as presentations and workshops by partner companies. The event will be held at the ITA facilities in São José dos Campos/SP, with live streaming on the event platform.

# Advantages of being a partner of XXVII SIGE

## Promotion

- Registration as Official Sponsor.
- Promotion of logo on supporting printed materials.
- Promotion on the official website.
- Promotion of logo on digital media accounts managed by the Event Organization.
- Promotion of logo on slides at the beginning of each lecture.
- Inclusion of logo in event promotions through mailing to academic audience, DCTA staff, Armed Forces personnel, and authorities.

SIMPÓSIO DE APLICAÇÕES OPERACIONAIS  
EM ÁREAS DE DEFESA

# Advantages of being a partner of XXVII SIGE

## Audiovisual exposure opportunities during the event

- Four showings of the company's institutional video during the event.

The showings will occur as part of a compilation featuring videos from all partner companies, with the order determined by the event coordination team and strategically scheduled before the opening and closing keynote sessions. Additionally, showings will take place at the beginning of synchronous sections of the event in compilations featuring select companies to cover the remaining broadcasts. The event coordination team will determine the distribution of video showings in the schedule.

The production of the videos will be the responsibility of the partner company, and the content must undergo prior approval by the event coordination team.

## Limited number of partners

Based on previous editions, the number of partners will be limited, aiming for better promotion of partners within the event timeframe.

Therefore, availability of packages is lower in higher categories. The determinant for joining the event in the desired category is the early signing of the partnership contract. Don't delay!
